Eugene, Oregon
Studied architecture design and theory.

EXPERIENCE

Brian Hall Inc, Designer, 2005-Present
I have assisted Brian Hall in all aspects of design and production for clients, such as, Hyatt Regency, The American Cancer Association, The Grove Natural Snacks, and Bin 36. My tasks at Brian Hall included website design, print design, corporate identity, production of large format graphics, photography direction and system & server administration and maintenance.

SimpleScott, Freelance, 2002-Present
For nearly three years I have worked with small to medium sized businesses of varying industries to supply them with a professional image at an affordable cost, while also gaining valuable experience in several areas, including business development, workflow management, and final production.

Silver Beacon Media, Creative Director, 2004
Beginning as a creative consultant, I joined the team of Silver Beacon Media in developing a new technology known as digital signage or digital display networks. The project involved learning and understanding the potential of this growing new media application.

BeBrazen, Designer, 2002
While living in London, I worked with BeBrazen Music Distribution as a designer creating promotional pieces and headed a team of young designers to create a more consistent identity system for the company. The experience pushed my development of an individualistic style.

Anne Holmes & Associates, Designer, 1999-2001
I worked with AHA in designing and developing many websites for their cliental, helping in all aspects of production, creative direction, and development. After leaving the company to attend Iowa State University, I continued a working relationship for several years.
